

## Otology/Neurotology

The Department of Otolaryngology – Head and Neck Surgery at Eastern Virginia Medical School, part of the Macon and Joan Brock Virginia Health Sciences at Old Dominion University, is seeking an additional fellowship trained Otolologist/Neurotologist to join our well established and growing Otology/Neurotology Division at the rank of Assistant or Associate professor. Applicants must be board certified/board eligible and should possess a strong commitment to clinical care, program development, teaching and research.

The successful candidate will have experience in all aspects of Otology/Neurotology in order to be able to integrate into our comprehensive practice. Applicants should also have a desire to assist in further growth and development of the practice in new and innovative ways. Duties will include tertiary/quaternary care, resident education and mentorship along with clinical research.

The Department currently consists of twenty full time academic otolaryngologists practicing at multiple state of the art facilities throughout Hampton Roads, Virginia. Our Department is committed to providing excellent patient care in a very strong collegial environment. This is an opportunity to join one of the top ranked programs in the country located in a highly desirable coastal location.

This full-time employed position offers a very competitive compensation package that is commensurate with experience along with attractive benefits package. Candidates must apply online at [www.evms.edu/careers](http://www.evms.edu/careers). For additional inquiry please email Stephanie Moody-Antonio, MD, Division Director at [moodysa@evms.edu](mailto:moodysa@evms.edu) and Barry Strasnick, MD, Chairman, Department of Otolaryngology – Head and Neck Surgery at [strasnb@evms.edu](mailto:strasnb@evms.edu).

*EVMS is an Equal Opportunity/Affirmative Action Employer of Minorities, Females, Individuals with Disabilities, Protected Veterans and Drug and Tobacco Free workplace. Women, minorities, veterans and persons with disabilities are strongly encouraged to apply.*
