

## WVU Medicine Neurotologist

**The Department of Otolaryngology at the West Virginia University School of Medicine / WVU Medicine is seeking a Neurotologist to be part of our dynamic program and expand clinical and research activities.**

Our highly experienced and fellowship-trained faculty, coupled with state-of-the-art technology, provide comprehensive high quality care in the subspecialty areas of Otolaryngology: Otology, Allergy/Rhinology, Laryngology, Pediatric Otolaryngology, H&N Oncology and reconstructive surgery, Thyroid and Parathyroid disorders, Sleep disorders, Plastics and Cleft lip/palate services. Many of our faculty and all of our residents are actively engaged in research projects that help us constantly improve our patient care in both the hospital and clinical settings.

20 faculty members, five Advanced Practice Providers, eight audiologists, and all of our residents are actively engaged in research projects that help us constantly improve our patient care in both the hospital and clinic settings.

- **Paid relocation and 100% employer-contributed 401**
- **Research and academic opportunity / excellent work-life balance with little call**
- **Free college tuition to WVU for dependents / onsite childcare**

**WVU Medicine** is West Virginia University's affiliated health system, West Virginia's largest private employer, and a national leader in patient safety and quality. WVU Medicine includes the physicians, specialists, and sub-specialists of the West Virginia University School of Medicine; six community hospitals; four critical access hospitals; and a children's hospital that is under expansion, and all anchored by a 700-bed academic medical center that offers tertiary and quaternary care.

**Morgantown, West Virginia** is located just over an hour south of Pittsburgh, PA and three hours from Washington, D.C. and Baltimore, MD. Morgantown is consistently rated as one of the best small metropolitan areas in the country for both lifestyle and business climate. The area offers the cultural diversity and amenities of a large city in a safe, family-friendly environment. There is also an excellent school system and an abundance of beautiful homes and recreational activities such as hiking, biking, skiing, white-water rafting, and Division I college athletics.

Successful candidates must have an MD, MD/PhD or DO degree (the employer accepts foreign educational equivalent) and be eligible to obtain an unrestricted West Virginia medical license. Candidates must be board certified/eligible by the American Board of Otolaryngology and have completed otology/Neurotology fellowship.
